

ProCash 3000

Monofunction deposit system for banknote and document processing

In addition to its basic functions of cash and/or document processing and information processing on screen, the ProCash 3000 can be enhanced to meet the customer's specific needs:

- Print out receipts or other documents on the fully graphics-capable printer
- Enhanced editing function with an alphanumeric combi-keyboard
- Read barcodes
- Audio systems (loudspeakers/headset)

Features and highlights

- Frontload or rearload
- Standard PC technology
- Bundle deposit of up to 50 banknotes or documents
- LCD display (12.1" or 15") with autoscaling functionality
- Different installation versions with standard ready-made frames
- Certified EMV 2000 compliant
- Optical indicators at all input and output modules
- Optional: individual color scheme, labeling in Braille, energy-saving function

■ The ProCash 3000 provides a customer-friendly deposit function for banknotes and/or documents on a self-service system. Its compact form makes it ideal for a wide range of lobby installations in locations with high deposit frequencies.

ProCash 3000
